INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Central Marksheffel Metropolitan District

We have audited the accompanying financial statements of the governmental activities and each major fund of Central Marksheffel Metropolitan District (the District) as of and for the year ended December 31, 2008, which collectively comprise the basic financial statements of the District, as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the financial position of the governmental activities and each major fund of Central Marksheffel Metropolitan District at December 31, 2008 and the respective changes in financial position and the budgetary comparisons of the general fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The Management's Discussion and Analysis on pages 2 – 4 is not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audits were conducted for the purpose of forming an opinion on the financial statements that collectively comprise the basic financial statements. The accompanying supplementary information listed in the table of contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements. These schedules have been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

CENTRAL MARKSHEFFEL METROPOLITAN DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the District's annual financial report presents an analysis of the District's financial performance during the fiscal year ended December 31, 2008. This information is presented in conjunction with the audited basic financial statements, which follow this section.

FINANCIAL HIGHLIGHTS FOR FISCAL YEAR 2008

- Total assets in 2008 were approximately equal to 2007.
- Total revenues in 2008 were approximately equal to 2007.
- Total expenses increased to $1.6 million in 2008 from $1.4 million in 2007.
- Net capital assets were $10.3 million in 2008 compared to $10.5 million in 2007.
- Long-term debt was reduced to $14,050,000 in 2008 from $14,250,000 in 2007.

REQUIRED FINANCIAL STATEMENTS

The Financial Statements of the District are accounted for on a flow of economic resources measurement focus. The Financial Statements conform to accounting principles, which are generally accepted in the United States of America. The District's basic financial statements include:

- **Statement of net assets** – reports the District's current financial resources (short-term spend-able resources) with capital assets and long-term obligations. (See page 5).

- **Statement of activities –** reports how the District's net assets changed during the most recent fiscal year. (See page 6)

- **Statement of revenues, expenses and changes in fund balances-governmental funds -** reports the District's operating and non-operating expenses and governmental funds. (See pages 7 and 8).

STATEMENT OF NET ASSETS:

Assets, liabilities and net assets for 2008 compared with 2007 were as follows:

	2008	2007	Percent Increase (Decrease)
CURRENT ASSETS			
Cash and investments	$ 3,600,942	$ 3,430,013	5 %
Property taxes receivable	960,864	810,476	19 %
Total current assets	4,561,806	4,240,489	8 %
Capital assets	10,259,463	10,518,934	(2)%
TOTAL	$ 14,821,269	$ 14,759,423	0 %

CURRENT LIABILITIES			
Accounts payable	$ 3,198	$ 3,961	(19)%
Accrued interest	86,092	86,092	0 %
Deferred property tax revenue	960,864	810,476	19 %
Current portion — bonds payable	200,000	200,000	0 %
Advances from related parties	79,197	109,197	(27)%
Total current liabilities	1,329,351	1,209,726	10 %
BONDS PAYABLE	13,850,000	14,050,000	(1)%
TOTAL LIABILITIES	15,179,351	15,259,726	(1)%
NET ASSETS			
Restricted for debt service	3,371,056	2,946,820	14 %
Restricted for emergency services	2,342	1,282	83 %
Unrestricted accumulated deficit	(3,731,480)	(3,448,405)	(8)%
Total accumulated deficit	(358,082)	(500,303)	28 %
TOTAL	$ 14,821,269	$ 14,759,423	0 %

There was very little change in total assets and liabilities in 2008.

REVIEW OF REVENUES AND EXPENSES:

Revenues for 2008 compared with 2007 are as follows:

	2008	**2007**	**Percent Increase (Decrease)**
REVENUE			
Charges for services	$ 847,425	$ 1,219,572	(31)%
Property taxes	900,665	511,311	76 %
Interest	93,291	148,641	(37)%
Total revenues	$ 1,841,381	$ 1,879,524	(2)%

The revenues decreased because the collection of building permit fees were down due to the economic market condition, but the property taxes continue to rise.

Expenses for 2008 compared with 2007 are as follows:

	2008	**2007**	**Percent Increase (Decrease)**
Capital outlay	$ 310,174	$ 73,979	319 %
Bond interest	1,033,125	1,047,625	(1)%
Bond principal	200,000	200,000	0 %
Professional fees	86,571	27,755	212 %
Insurance	1,130	1,663	(32)%
Miscellaneous	8,689	18,551	(52)%
Total Expenditures	$ 1,639,689	$ 1,369,573	20 %

The expenses of $1.6 million were an increase of 20% due to minor work that needed to be done in the District as well as increased legal expenses to work out an agreement with Constitution Heights Metropolitan District for the completion of a segment of Marksheffel Road.

Debt Outstanding:
The District remains with long-term debt of $14,050,000 for Bond Series 2004. The schedule (for details see pages 14 and 15) reflects the payments over the next 21 years using the annual mill levy and building permit fees.

Economic and Other Factors:
The economy in Colorado Springs declined in 2008. However, new construction of commercial buildings and sites, some residential, and the rise of property values have increased the District's property assessed valuation.

Additional Financial Information:
This financial report is designed to provide the District's customers, investors and other interested parties with on overview of the District's financial operations and financial condition. Should the reader have questions regarding the information included in the report or wish to request additional financial information, please contact the Central Marksheffel Metropolitan District, Terry Schooler, District Manager at 455 E. Pikes Peak Avenue, Suite 100, Colorado Springs, Colorado 80903.

CENTRAL MARKSHEFFEL METROPOLITAN DISTRICT

RECONCILIATION STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED DECEMBER 31, 2008

NET CHANGE IN GOVERNMENTAL FUND BALANCES	$ 201,692
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays of $310,174 exceeded depreciation of $569,645 in the current period.	(259,471)
Payment of long-term debt is not reflected in the statement of activities; whereas in governmental funds it is reported as an expense	200,000
CHANGE IN NET ASSETS OF GOVERNMENTAL ACTIVITIES	$ 142,221

See notes to financial statements.

See notes to financial statements.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity —Central Marksheffel Metropolitan District of El Paso County, Colorado (the District)), a quasi-municipal corporation and political subdivision of the State of Colorado, was formed on December 4, 2002, and is governed pursuant to provisions of the Colorado Special District Act. The District's service area is located in El Paso County, Colorado. The District was organized to construct public improvements including road and bridge improvements, landscaping, sanitary and storm sewer, water systems, park and recreation, channel and other drainage improvements needed for the area.

The District has no employees and all operations and administrative functions are contracted.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements, which provide guidance for determining which governmental activities, organizations, and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens, and fiscal dependency.

The District is not financially accountable for any other organization nor is the District a component unit of any other primary governmental entity.

Government-wide and Fund Financial Statements — The government-wide financial statements (i.e. the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the District. The effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type-activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Major individual governmental funds are reported as separate columns in the fund financial statements.

Basis of Accounting — The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met. Depreciation is computed and recorded as an operating expense. Expenditures for property and equipment are shown as increases in assets and redemption of bonds and notes are recorded as a reduction in liabilities.

The District has elected to follow Governmental Accounting Standards Board pronouncements in government-wide financial statements. Therefore, statements issued by the Financial Accounting Standards Board after November 30, 1989 are not applied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes and developments fees. Expenditures, other than interest on long-term obligations are recorded when the liability is incurred or the long-term obligation paid. All other revenue items are considered to be measurable and available only when cash is received by the District.

The District reports the following major governmental funds:

General Fund — The general fund is used to account for all financial resources of the District except those required to be accounted for in another fund. The general fund balance is available to the District for any purpose provided it is expended or transferred according to the general laws of Colorado and the bylaws of the District.

Capital Projects Fund — The capital projects fund accounts for the construction costs of public improvements undertaken and financed by the District.

Debt Service Fund — The debt service fund accounts for the servicing of general long-term debt and revenues generated and received by the District that are required to be used in payment of long-term debt.

Budgets — In the fall, the District manager is required to submit to the Board of Directors a budget for the fiscal year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them. Public hearings are conducted at the District to obtain taxpayer comments. Prior to December 31, the budget is legally enacted by the Board. The manager is authorized to transfer budgeted amounts between line items of the District; however, any revisions that alter the total expenditures of the District must be approved by the Board of Directors.

Capital Assets — All development costs in excess of $500 which have a useful life of greater than one year and all expenditures for repairs, maintenance, renewals, and betterments that materially prolong the lives of assets are capitalized. Public improvements are recorded at cost. Depreciation is recorded on a straight-line basis over the estimated useful lives of the assets, which range from twenty to forty years.

Cash and Cash Equivalents — The District considers all highly liquid investments with an initial maturity of three months or less to be cash equivalents if not restricted by the Board.

Fund Equity — In the fund financial statements, governmental funds report reservations of fund balance for amounts that are legally segregated or are not subject to future appropriations. Designations of unreserved fund balances indicate management's intention for future utilization of such funds and are subject to change by management.

The District considers all unreserved fund balances to be "reserves" for future operations or capital replacement as defined within Article X, Section 20 of the Constitution of the State of Colorado.

Reserved Fund Balance — Emergency Reserves have been provided for as required by Article X, Section 20 of the Constitution of the State of Colorado (see Note 10). $2,342 of the fund balance has been reserved in compliance with this requirement.

Use of Estimates — Preparation of the District's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

2. CASH AND INVESTMENTS

Cash totaling $3,600,942 as of December 31, 2008 consists entirely of deposits with financial institutions.

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least equal to the aggregate uninsured deposits.

The State Commissioners for banks is required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2008, the carrying amount of the District's cash was $3,600,942 and the bank balances were $3,601,407. Bank balances of $235,392 were covered by federal depository insurance and $3,366,015 is required by Colorado Statutes to be collateralized with securities held by the pledging institution's trust department in the District's name.

Investments — The District has not adopted a formal investment policy, however, the District follows state statutes regarding investments.

The District generally limits its concentration of investments to those noted with an asterisk (*) below, which are believed to have minimal credit risk, minimal interest rate risk and no foreign currency risk. Additionally, the District is not subject to concentration risk disclosure requirements or subject to investment custodial credit risk for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

* Obligations of the United States and certain U.S. government agency securities
- Certain international agency securities
- General obligation and revenue bonds of U.S. local government entities
- Bankers' acceptances of certain banks
- Commercial paper
- Written repurchase agreements collateralized by certain authorized securities
- Certain money market funds
* Guaranteed investment contracts
* Local government investment pools

As of December 31, 2008, the District had no investments.

3. CAPITAL ASSETS

Capital asset activity for the year ended December 31, 2008 is as follows:

	Balance at January 1, 2008	Increase	Decrease	Balance at December 31, 2008
Construction in process	$ 82,452	$ 5,188		$ 87,640
Roads and drainage	11,087,914	304,986		11,392,900
	11,170,366	310,174		11,480,540
Accumulated depreciation	(651,432)	(569,645)		(1,221,077)
Net capital assets	$ 10,518,934	$ (259,471)	$ —	$ 10,259,463

All depreciation expense for the year was charged for public improvements.

4. GENERAL OBLIGATION LIMITED TAX BONDS

A summary of bonds payable for the year ended December 31, 2008 is as follows:

	Balance at January 1, 2008	Increase	Decrease	Balance at December 31, 2007	Amounts Due Within One Year
General Obligation Limited Tax Bonds Series 2004 — $14,650,000 originally issued with 7.25% interest	$ 14,250,000	$ —	$ 200,000	$ 14,050,000	$ 200,000

Payment of the principal and interest on the bonds will be from property taxes and facility fees as the District develops. After the majority of properties in the District have been sold, homes, commercial facilities and other improvements have been constructed and the District's tax base has had time to develop, the source of payment of debt service on the Bonds will be primarily paid from the limited mill levy to be levied on the taxable property within the District.

The following is a summary of mandatory sinking fund payments and interest requirements on the Bonds:

Year Ending December 31,	Sinking Fund	Interest	Total
2009	$ 200,000	$ 1,018,625	$ 1,218,625
2010	200,000	1,004,125	1,204,125
2011	200,000	989,625	1,189,625
2012	215,000	975,125	1,190,125
2013	215,000	959,538	1,174,538
2014-2018	1,720,000	4,505,512	6,225,512
2019-2023	3,185,000	3,685,538	6,870,538
2024-2028	5,335,000	2,240,250	7,575,250
2029	2,780,000	201,550	2,981,550
Total	$ 14,050,000	$ 15,579,888	$ 29,629,888

Voters in the District authorized the District to be able to incur a maximum of $31,250,000 of debt. Subsequent to the issuance of the 2004 Bonds, the District has $16,600,000 in authorized but unissued debt. The District does not have any intention to issue additional debt at this time.

5. COMMITMENTS AND CONTINGENCIES

In December 2006, the District entered into a reimbursement agreement with a developer under which the District will reimburse the developer for the cost of water service extension improvements to be constructed that benefit the District and development within the District. This project was completed by the developer in the spring of 2007 at an approximate cost of $626,000. These costs will potentially be reduced by any reimbursements actually received by the developer from other sources such as a neighboring metropolitan district with which the developer has a reimbursement agreement. Once the obligation of the District is known, any outstanding obligation will accrue interest at six percent per annum. No amount has been recorded in the financial statements of the District due to the uncertainty of the amount that the District will be liable for. The commitment is subordinate to the District's bond liability.

On April 31, 2007, the District entered into an agreement with a developer under which the District will reimburse the developer for construction cost related to the intersection of two highways for the benefit of the District. The reimbursement shall not exceed $1.3M plus interest of six percent per annum commencing upon full completion and full acceptance of the intersection improvements by the appropriate jurisdiction. Payments are subordinate to the District's bond liability. The District's liability under the agreement is to be reduced by the cost recovery proceeds pursuant to reimbursement agreements to be negotiated by the developer with adjacent property owners or through the County fair share reimbursement for improvements agreement with the adjacent property owners. Construction on this project was completed in 2008. No liability has been recorded by the District due to the uncertainties of the actual amount that the District will be liable for.

On August 7, 2007, the District entered into an agreement with a developer under which the District will reimburse the developer for construction cost related to various road improvements for the benefit of the District. The reimbursement shall not exceed $280,000 Payments are subordinate to the District's bond liability. The District's liability under the agreement is to be reduced by the cost recovery proceeds pursuant to reimbursement agreements to be negotiated by the developer with adjacent property owners or through the County fair share reimbursement for improvements agreement with the adjacent property owners. No liability has been recorded by the District due to the uncertainties of the actual amount that the District will be liable for.

6. INTERGOVERNMENTAL AGREEMENT

In June 2004, the District entered into a Transportation Impact Fee and Public Improvement Agreement with El Paso County for the purpose of the District securing fair and equitable participation in the Marksheffel improvements from out-of-District properties identified within the area serviced by the improvements. Under the agreement, the County is to prepare an Off-Site Road Study and Plan to formalize and adopt a methodology for determining the fair and equitable financial participation in the Marksheffel improvements by the service area property, the result of which will be for the County to impose a Transportation Impact Fee on any service area property required to go through the subdivision process. Such fees will represent fair and equitable share of costs attributable to the out-of-District property as determined by the County, and will be remitted to the District by the end of the month following their collection.

7. ADVANCES DUE RELATED PARTIES

An entity controlled by a Board member has advanced funds to the District. Outstanding advances at December 31, 2008 are $79,197. The advances are short-term, unsecured, and accrue interest at a rate of 8%.

8. NET ASSETS

The District has net assets consisting of three components – invested in capital assets, net of related debt; restricted; and unrestricted.

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, and reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets. As of December 31, 2008, the District had no investment in capital assets, net of related debt.

Restricted assets include net assets that are restricted for use either externally by creditors, grantors, contributors, or laws and regulations of other governments; or imposed by law through constitutional provisions or enabling legislation. The District has $3,373,398 of restricted net assets as of December 31, 2008.

As of December 31, 2008, the District had unrestricted net assets (deficit) of $(3,731,480).

9. RISK MANAGEMENT

Except as provided in the Colorado Governmental Immunity Act, the District may be exposed to various risks of loss related to torts, thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees, or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (Pool) as of December 31, 2008. The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery and workers compensation coverage to its members.

The District pays annual premiums to the Pool for liability, property, public officials' liability and workers compensation coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

10. TAX, SPENDING AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations which apply to the State of Colorado and all local governments, except Enterprise.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

The District elected to allow the retaining and spending of all revenues collected. The District believes that it is in compliance with all the provisions of TABOR as it is currently understood.
